EDUCATION

SVKM's Dwarkadas J. Sanghvi College of Engineering

Bachelor of Technology in Computer Science (Data Science). 8.56 CGPA

Mumbai, India

Aug 2024 - Jun 2027

SVKM's Shri Bhagubhai Mafatlal Polytechnic

Diploma in Information Technology. 90.67 Aggregate

Mumbai, India

Sept 2021 - Jun 2024

SKILLS

- **Languages & Databases:** Python, Java, Dart, MySQL, MongoDB, PostgreSQL
- **Frameworks & Libraries:** Flutter, React Native, ReactJS, FastAPI, Node.js, AutoGen
- **Data & Analytics:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Exploratory Data Analysis
- **Developer Tools:** Git, Docker, Streamlit, Google Cloud Platform, AWS, Firebase

INTERNSHIP

Dcyber Techlab

Web Developer Intern

Remote

June 2023 - July 2023

- Developed responsive and reusable React.js components, enhancing UI consistency and cross-device compatibility across the platform.
- Collaborated with team members to understand application workflows.

PROJECTS

Sambhav: Agentic AI Predictive Vehicle Maintenance System - Llama 3 (Ollama), RAG, Python

- Built a system that keeps track of a vehicle's health using 7 agents working together, all managed by a master agent which runs on a local machine via Ollama and connects to the phone through ngrok which also replans strategy up to three times if the customer declines service.
- The system uses ML and RAG to predict how much life is left in different parts of a vehicle, so issues can be caught before they turn into bigger problems. It pulls insights from live sensor data and old service records.
- Also built a dashboard, APIs, and a Flutter mobile app so users can easily see alerts, maintenance tips, and real-time stats on their phone and also handles customer negotiation.

ARVista: AR-based Tour Guide - AR, Flutter, YOLOv8, RAG, LLM

- Built an app that acts like a smart tour guide point your phone at a landmark and it recognizes using YOLOv8 and instantly shows you information about it in AR, right on your screen.
- Added voice interaction and a knowledge retrieval system so users can ask questions and get personalized trip recommendations based on what they're looking at.

ACHIEVEMENT & CERTIFICATIONS

- **1st Prize – IndiaStox IPO Research Hackathon**
- **NISM-Series-VII: Securities Operations and Risk Management Certification**
- **AWS Academy Graduate - AWS Academy Cloud Architecting**

LEADERSHIP

- **TEDx DJSCE – Technical Head**
